Is this Adventure for You?

This is not a resort hotel or cruise ship type of holiday. It is a group retreat/wilderness experience, providing a supportive and loving environment in which to connect with ourselves, each other, the dolphins and the ocean.

It often feels like we have become a 'pod' ourselves after a couple of days. It can be a very powerful, heartfelt experience. There will be much laughter, and maybe a few tears - plus many great new friendships. Most people have a great time during this adventure; however, it is not for everyone.

The island is small and quiet with few tourists. The islanders are open and friendly, the children are delightful.

Respectfully playing with Dolphins since 1995

week long retreats with wild dolphins on a Caribbean island in the Bahamas

This is a fantastic opportunity for those who wish to experience the ultimate Human-Dolphin Connection with the best conditions in the world. Warm, clear, aquamarine, unpolluted waters, joyful free dolphins, a meditative natural environment and deserted beaches. Our intention is always of minimal intrusion and our dolphin swims are conducted with respect and awareness.

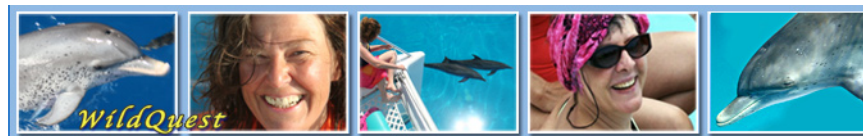

"This is not swimming with dolphins, this is swimming in love"

- Marline Oraha

The Island

The island of Bimini, where our programs are based, is known for its healing energies, its Atlantean legends and its unique dolphins. Each day we go out on our boat DolphinQuest, weather permitting, to connect, swim and play with these joyful dolphins.

Program details

It is a group retreat shared intimately with a small pod of like-hearted souls, letting go and relaxing. Many deep and lasting friendships are made. The average group size is 17 adventurers. The vastness of the ocean and sky creates a sense of timelessness and simplicity, supporting access to our inner worlds. Every summer since 1995 there have been many wonderful encounters with these friendly Atlantic Spotted, as well as Bottlenose dolphins in the beautiful, warm ocean which surrounds the island of Bimini.

*"Maybe I am a little more spontaneous than before I met the dolphins.
Maybe a bit more in surrender to whatever life has to offer."*

- Maurice Horn

The Human ♥ Dolphin Connection

The Human-Dolphin Connection Retreat

April - November (see schedule and costs opposite)

We are scheduled to go out on the boat each day to connect with the dolphins, taking our picnic lunch with us. We will also visit the famous Atlantis Stones and go snorkeling at various coral reefs with hundreds of tropical fish.

Every morning before breakfast there is a Yoga, or Sol Core class. Other group sessions are also offered, either meditation, Quantum Light Breath or Insight Circles. Of course everything is optional. Participate if it feels right for you or you may simply prefer to relax on the beach.

Individual bodywork sessions will also be available.

The combination of Yoga, healthy food, cruising and relaxing on the boat, the warm aqua-marine ocean and being with the Dolphins makes for a magical, relaxing retreat experience.

We have several weeks in our schedule with guest facilitators, who share their own unique flavor.

Please see schedule opposite or check our website - www.wildquest.com - for more detailed information about each week.
